## 1. NEW TARIFFS AND SERVICES

### Leased Lines

There is no new pricing included in this release.

### Discounts

There are no new discounts included in this release.

## 2. TARIFF UPDATES

### Leased Lines

#### GERMANY – [DEUTSCHE TELEKOM](#)

DDV-M charges are now published with effect since 1<sup>st</sup> October 2005. The pricing structure that applies is the same as the SFV service and is implemented in netVESPA. The Comfort Service charge is included in the charges.

Please note that for bandwidths 512K and 1024K the ASL charge for Zone 1 is different than the one that applies for Zone 1 and long distance. This will be implemented in the next release version of netVESPA. In the meantime, the price for Zone 1 will apply to all cases and thus a discrepancy of 67 euros may occur where a Zone 2 and long distance pricing structure applies.

#### ITALY – [TELECOM ITALIA \(PPC\)](#)

PPC pricing has been updated with effect since 1<sup>st</sup> January 2006.

As a result installation prices for all bandwidths have increased by 7.3% whilst rental charges have been reduced by about 1%.

netVESPA has been updated accordingly.

#### TAIWAN – [CHUNGHWA TELECOM](#)

National Leased Lines installation charges have been reduced by 50%. Charges for 2.5G bandwidth are now published and implemented in netVESPA.

International Leased Lines charges remain unchanged.

### Discounts

There are no new discounts included in this release.
