1. NEW TARIFFS AND SERVICES

Leased Lines

There are no new tariffs included in this release.

Discounts

There are no new discounts included in this release.

2. TARIFF UPDATES

Leased Lines

FRANCE – [FRANCE TELECOM](#)

Transfix

- On 31/03/05, Transfix 2.4k and 4.8k were withdrawn from sale. As such, these tariffs have been removed from netVESPA.
- Prices for 9.6k and 19.2k (effective 01/08/06) have increased by up to 10%. netVESPA has been updated accordingly.

Transfix Metro

- netVESPA has been updated with the latest TFM Metro pricing (effective 01/11/04). The decrease in rental prices is set out according to the table below. Install prices remain the same.

Bandwidth	% Decrease
64K	↓ 1.6
128K	↓ 36
256K	↓ 21
512K	↓ 21
1024K	↓ 20
1920K	↓ 27

GIBRALTAR – [GIBTEL](#)

Digital Leased Line prices have been reduced by 10% across the range. netVESPA has been updated accordingly.

GUERNSEY – [C&W GUERNSEY](#)

C&W Guernsey prices have been updated according to the new price list for on-island, Guernsey-UK & Guernsey-Sark/Alderney for all speeds

INDIA – [MTNL](#)

netVESPA has been updated with the latest price changes for national digital leased lines (effective 01/05/05). For bandwidths 64k and n*64k, two new services have been introduced to replace the standard leased line service; Classical and MLLN. Classical is the basic leased line service and MLLN is a managed leased line service which provides network monitoring to minimize down time.

Local lead and local circuit pricing remains the same as the previous standard leased line service. In terms of the long distance charges, the Classical service is up to 54% cheaper compared to the previous service, while the MLLN service shows up to a 46% decrease. Installation charges have decreased by 75%. Please note that a new 1M tariff has been added for both services.

For bandwidths of 2M and above, all rental prices have decreased by up to 88%. Installation costs for 2M have been reduced by 90% while installation costs for >2M are now nil. Please note that new tariffs have been added for 45M and 155M.

IRELAND – [EIRCOM](#)

High speeds (34M, 45M and 155M) are no longer published and are issued on a case by case basis only. netVESPA has been updated accordingly.

ITALY – [TELECOM ITALIA](#)

Wholesale Digital Leased Line tariffs (effective 30/03/06) have been updated in netVESPA. Install and rental prices for all bandwidths have decreased. The following table shows the average percentage decrease for all bandwidths:

Bandwidth	Install	Rental - local access	Rental - Transport leg
1.2k -19.2k	↓ 24.6%	↓ 5%	↓ 3.9%
64K	↓ 24.6%	↓ 5%	↓ 8.5%
128K	↓ 35.9%	↓ 7.8%	↓ 7.7%
256K	↓ 35.9%	↓ 13.9%	↓ 6.5%
384K	↓ 35.9%	↓ 18.7%	↓ 6.6%
512K	↓ 35.9%	↓ 20%	↓ 6.5%
768K	↓ 35.9%	↓ 24.9%	↓ 14%
2M Standard	↓ 35.9%	↓ 27.8%	↓ 23%
2M Pianificata	↓ 34%	↓ 27.8%	↓ 23%
34M Standard	↓ 32.9%	↓ 15.8%	↓ 16.4%
34M Pianificata	↓ 32.55%	↓ 15.8%	↓ 16%
155M Standard	↓ 32%	↓ 11%	↓ 13.6%
155M Pianificata	↓ 40%	↓ 11%	↓ 13.6%

622M Standard	↓ 30%	↓ 11%	↓ 13.6%
622M Pianificata	↓ 39.5%	↓ 11%	↓ 13.6%
2.5G Standard	↓ 31.8%	↓ 11%	↓ 13.7%
2.5G Pianificata	↓ 39.5%	↓ 11%	↓ 13.7%

JERSEY – [JERSEY TELECOM](#)

Jersey Telecom prices have been updated according to the new price list for on-island, Jersey-UK & Jersey-Central London Zone for all speeds

MONACO – [MONACO TELECOM](#)

Price changes for National Leased Lines (effective 01/01/06) have been included in netVESPA.

SAUDI ARABIA – [SAUDI TELECOM](#)

Price changes affecting long distance inter-city circuits have been implemented. Local circuit pricing remains unchanged.

SOUTH AFRICA – [TELKOM SOUTH AFRICA](#)

Price changes effective from September 2005 for Diginet, Diginet Plus and Megaline Silver have been implemented. The Megaline Bronze and Megaline Plus Bronze tariffs, which have not been available for new sale for some years, have now been withdrawn from netVESPA.

SWEDEN – [SKANOVA](#)

Backbone 2.0

netVESPA has been updated with the latest price updates for Backbone 2.0 (effective 08/03/06). Changes are described as follows:

Access:

For 2M, Access prices have decreased by approximately 16%. All other Access prices remain unchanged.

Transport Link:

The following table shows the percentage price changes for the Transport Link:

	2M/VC12		34M/45M/VC3		140M/VC4	
	0-60km	> 61km	0-60km	> 61km	0-60km	> 61km
SEK/km Basic	0	↓ 33%	↓ 10%	↓ 10%	↓ 10%	↓ 10%

SEK/km Premium	↓ 25%	↓ 50%	↓ 27%	↓ 35%	↓ 37%	↓ 40%
----------------	-------	-------	-------	-------	-------	-------

Please note that a maximum charged length of 400km has been introduced. Also, pricing is now available for 2M in Level 4 areas. Both these changes have been implemented in netVESPA.

Installation:

There have been no price changes for installation. However, new charges have been introduced for 2 year contracts for 2M accesses terminating at the customer end. This has been implemented as a separate tariff in netVESPA. The length of contract is indicated in the tariff name.

UK – [BT](#)

140M is no longer available for new supply for the following services:

- Megastream
- Megastream Genus
- Dealerstream
- Prime Megastream Genus

(Effective date 03/07/06)

This has been indicated in the tariff name in netVESPA.

Discounts

There are no updated discounts included in this release.

UK – [CABLE & WIRELESS](#)

C&W pricing has been removed from netVESPA; the new price list is not in the public domain and there is no distribution agreement in place. The previous pricing is now substantially out of date.

3. TARIFF UPDATES TO COME

CANADA – [CRTC](#)

New tariffs for OC12 have been released by Aliant Telecom. We will advise on the implementation date for these tariffs once scheduled.

CHINA – [CHINA UNICOM](#)

International half circuit tariffs from this carrier have been acquired. We will advise on the implementation date once scheduled.

CURAÇAO – [UTS](#)

We are currently analysing leased lines tariffs from UTS for inclusion in netVESPA. We will advise on the implementation date once scheduled.

ECUADOR – [CONATEL](#)

We are currently researching operators in Ecuador who provide national and international data services. We will advise on the results of our research.

INDIA – [BHARTI](#)

Pricing for Bharti Telecoms Long Distance National Leased Lines has been acquired from our carrier contact. We will advise on the date of implementation once scheduled.

INDONESIA – [INDOSAT](#)

Tariffs for IPLC circuits to the rest of Asia have changed with effect from 18th February 2004. Prices for all other IPLC country zones are also expected to change imminently. We will schedule these updates when all new pricing has been received from the carrier.

ISLE OF MAN – [MANX TELECOM](#)

Manx Telecom has introduced a special discounted tariff for new customers to this service (existing customers will continue to pay the current rates). The discounted tariff is to be planned for implementation.

KAZAKHSTAN – [KAZAKHTELECOM](#)

We are currently researching data transmission tariffs from Kazakhtelecom for inclusion in netVESPA. We will advise on the implementation date once scheduled.

MALAYSIA – [TIME dotcom](#)

We are currently analysing national leased lines tariffs from TIME dotCom for inclusion in netVESPA. We will advise on the implementation date once scheduled.

PAKISTAN – [PTCL](#)

We are currently analysing data transmission tariffs from PTCL for inclusion in netVESPA. We will advise on the implementation date once scheduled.

PARAGUAY – [COPACO](#)

We are currently analysing leased lines tariffs from COPACO for inclusion in netVESPA. We will advise on the implementation date once scheduled.

PHILIPPINES – [ETPI](#) & [INNOVE COMMUNICATIONS](#)

IPLC tariffs have been received from ETPI (Eastern Telecommunications Philippines, Inc.) and we will advise on the date of implementation.

IPLC and domestic leased line tariffs have been received from Innove Communications – the data services arm of Globe Telecom. We will advise on the date of implementation.

UK – [BT](#)

New PPC pricing (effective 01/10/06) has been received. This will be updated in the October release of netVESPA.

URUGUAY – [ANTEL](#)

We are currently analysing leased lines tariffs from ANTEL for inclusion in netVESPA. We will advise on the implementation date once scheduled.

UZBEKISTAN – [UZBEKTELECOM](#)

We are currently researching data transmission tariffs from Uzbek Telecom for inclusion in netVESPA. We will advise on the implementation date once scheduled.

VENEZUELA – [CANTV](#)

We are currently researching leased lines tariffs from CANTV for inclusion in netVESPA. We will advise on the implementation date once scheduled.

VIETNAM – [VNPT](#)

We are currently analysing data transmission tariffs from VNPT for inclusion in netVESPA. We will advise on the implementation date once scheduled.

5. SITE DATABASE / GAZETTEER

There are no changes to site gazetteers in this release

6. COUNTRIES NOT UPDATED

CHILE – [ENTEL](#)

Please note that international tariffs from this carrier have not been updated recently. We are currently re-establishing contact in order to obtain up-to-date tariffs.

COLOMBIA – [TELECOM COLOMBIA](#)

Please note that tariffs from this carrier have not been updated recently. We are currently re-establishing contact in order to obtain up-to-date tariffs.

FINLAND – [ELISA](#)

Please note that tariffs for the leased line international service from this carrier are no longer published. Although they remain in netVESPA the mention 'Budgetary' has been added to the name and they should only be used as such. We are in regular contact with the carrier and should this change netVESPA will be updated.

HONG-KONG - [PCCW](#)

Please note that international tariffs from this carrier are no longer published. Although they remain in netVESPA the mention 'Budgetary' has been added to the name and they should only be used as such. We are in regular contact with the carrier and should this policy change netVESPA will be updated.

INDIA – [VSNL](#)

Please note that tariffs for the leased line international service from this carrier are no longer published. Although they remain in netVESPA the mention ‘Budgetary’ has been added to the name and they should only be used as such. We are in regular contact with the carrier and should this change netVESPA will be updated.

LITHUANIA – [LIETUVOS TELEKOMAS](#)

Please note that tariffs for the leased line international service from this carrier are no longer published. We are in regular contact with the carrier and should this change netVESPA will be updated.

MALAYSIA – [TELEKOM MALAYSIA](#)

Please note that tariffs for the leased line international service from this carrier are no longer published. Although they remain in netVESPA the mention ‘Budgetary’ has been added to the name and they should only be used as such. We are in regular contact with the carrier and should this change netVESPA will be updated.

NORWAY - [TELENOR](#)

Telenor have ceased publication of international leased line prices since 1st October 2003. IPLCs are only available upon request and have therefore been labelled as “budgetary” in netVESPA.

SWEDEN - [TELIA](#)

Please note that tariffs for the leased line international service from this carrier are no longer published. We are in regular contact with the carrier and should this change netVESPA will be updated.

SWITZERLAND - [SWISSCOM](#)

Please note that tariffs from this carrier are no longer published. Although they remain in netVESPA the mention ‘Budgetary’ has been added to the name and they should only be used as such. We are in regular contact with the carrier and should this change netVESPA will be updated.

UK – [C&W](#)

Please note that National and International Satellite tariffs from this carrier are no longer published. Although they remain in netVESPA the mention ‘Budgetary’ has been added to the name and they should only be used as such. We are in regular contact with the carrier and should this change netVESPA will be updated.
